CONSENT FOR TREATMENT: I consent to evaluation and medically necessary treatment by the psychiatrists of Ashish Rungta MD PLLC. I understand this consent does not constitute a guarantee about the results of my treatment. I understand I can terminate this consent for treatment at any time. I also understand that my psychiatrist may terminate consent for treatment at any time, and will discuss the reasons with me if this should occur. Potential reasons include misusing prescribed medications, misusing psychiatric services, etc.

LIMITATIONS OF Ashish Rungta MD PLLC: The psychiatrists at Ashish Rungta MD PLLC are dedicated to providing the highest level of care for their patients in treating and addressing their mental health needs. However, there are some services not provided in this practice:

- Forensic evaluations for legal purposes
- Custody evaluations, or parental assessments for use in determining custody or visitation
- Disability evaluations, including Short Term Disability and determining leave of absences from work

I understand that Ashish Rungta MD PLLC will not provide any evaluation for the sole purpose of seeking medical or mental disability, or assist in determining ability to take leave from employment. I understand I must find another professional to assist me in this purpose.

AGREEMENT TO PAY: I agree to pay my psychiatrist all charges for professional services that BCBS/BSN does not cover. Payment including copay is expected at the time of service, as balances are not allowed to accumulate. Any accumulated charges must be paid prior to any subsequent visit. Payments may be made via cash, debit card, major credit card, and Health Savings Account cards. Payments via credit card may be authorized over the phone.

FEES FOR SERVICES: I understand that Ashish Rungta MD PLLC only accepts BCBS/BCN insurance and does not participate with any other insurance company. This includes private insurance companies, Medicare, and Medicaid. The patient is responsible for payment in full at the time of service. For patients not covered by BCBS/BSN, the fee for an initial diagnostic evaluation, which is approximately 60 minutes is \$250. The fees for follow up appointments is \$150, the duration of appointment varies from 10 minutes to 30 minutes depending on complexity of case.

INSURANCE BENEFITS: I understand that my psychiatrist accepts BCBS/BCN insurance and does not participate (is Out-Of-Network) with any other insurance company. However, many insurance companies allow for Out-Of-Network provisions. In these situations, the patient is able to submit a form to their insurance company after each office visit, and may be partially reimbursed for their expenses. It is the patient's responsibility to inquire about these services through their insurance company. If the insurance company requires any authorization from the psychiatrist, I understand I may be charged for this service. Due to contractual limitations, the psychiatrists at Ashish Rungta MD PLLC are unable to treat any patient enrolled with Medicare or Medicaid, even if the patient does *not* intend to utilize these benefits. These patients are required to seek services from Medicare or Medicaid providers.

ADDITIONAL CHARGES FOR SERVICES: I understand there are additional services that may require billing as well. These include but are not limited to:

- legal depositions, contact with attorneys
- writing of reports for your insurance company or for your employer
- obtaining Prior Authorizations for medications through your insurance company
- returned phone calls longer than 10 minutes in duration, and excessive phone calls

I fully understand that I will be personally responsible for these charges. The psychiatrist reserves the right to charge for these services on a prorated fee of \$200 per hour, or may require the patient to schedule an office appointment to address these services.

INITIAL APPOINTMENT: It is the policy of Ashish Rungta MD PLLC for all persons interested in seeking treatment at our office to fully complete and submit the New Patient Information. After review from the psychiatrist, the patient will be contacted by our office. At that time, we will either schedule an Initial Diagnostic Evaluation or recommend alternative services. The current fee for an Initial Diagnostic Evaluation is \$250. This fee reserves an hour of time with the psychiatrist and covers the expenses associated with the initial appointment. If the patient chooses to cancel the appointment without two working days notice, or chooses to cancel the appointment without notifying the office (“no show”), this fee is not refundable. If the patient desires to schedule an additional Initial Diagnostic Evaluation at a later time, this fee will again be required.

APPOINTMENT SCHEDULING: After an initial evaluation, it is standard of practice to schedule a follow up appointment within 1 month. Depending on each patient’s psychiatric situation, follow up appointments could range from every week to every few months. It is expected that patients will be seen at least 3 times per year to remain active in the practice. Due to current legal restrictions in the state of MI/OH, patients receiving controlled substance prescriptions must be seen on a routine basis, typically every 2-3 months, depending on the prescribed medication.

CANCELLATIONS: I understand that when I schedule an appointment, this time is specifically allocated for me, as my psychiatrist does not “double-book” their schedule. By not keeping my appointment, I realize that another patient that may have needed to be seen urgently may not have been able to do so. Appointments must be cancelled at-least two business day/24 business hours (for example, I must notify my psychiatrist by Friday at 10AM if my appointment is Monday at 10AM) in advance.

If a cancellation is not made within that time or is missed without notification, I will be charged the full fee for the appointment, and this fee must be paid prior to rescheduling an appointment with my psychiatrist. True emergencies are taken into consideration. Medication refill requests may not be honored if the patient has just missed or cancelled an appointment.

I understand that repeated late cancellation of appointments and/or failure to keep scheduled appointments may result in termination by my psychiatrist.

MEDICATIONS: Medications will only be refilled for current patients who maintain their regularly scheduled appointments and have account balances in good standing. All medication refill requests are to be initiated through the patient’s pharmacy. Leaving messages at our office for refill requests will only delay the process of receiving your medications. The only exception concerns certain medications that require a written prescription and cannot be called in to the pharmacy (these include stimulant medications for the treatment of ADHD).

I am responsible for complying with my medications. I understand that I will not make any abrupt changes in my medications without first consulting with my physician. I understand I should not be consuming alcohol or any illicit substance while taking my prescribed medications. It is the patient’s responsibility to inform the physician of all other medications that other doctor’s may be prescribing to me. It is the patient’s responsibility to check on supply of medications and refills prior to their appointment. The patient is responsible for requesting a medication refill at least 5 days before running out of medications. I understand that under NO circumstances will medications be filled after hours, on weekends, or holidays. I understand that in the event of a missed, rescheduled, or cancelled appointment, my medications may not be refilled.

AFTER HOURS: I understand that calling the office after regular business hours, weekends, or holidays for medical needs will direct me to call 911 or go to the nearest Emergency Room. I understand that this service should only be utilized for urgent matters that cannot wait until the next business day. Calls placed for non-emergent issues such as medication refills, scheduling or billing issues, will result in being charged for that call.

EMERGENCIES: I agree to contact the Ashish Rungta MD PLLC, immediately regarding any urgent medical/psychiatric issues, including significant side-effects of medication and any significant changes in mood/behavior. However, if my situation becomes physically unsafe – whether due to a medical emergency such as loss of consciousness, possible overdose, etc., or due to dangerous psychiatric symptoms (including agitation, threats of suicide or violence), I will immediately call 911 directly or proceed to the nearest emergency room if able to do so safely, so that those trained personnel can provide immediate professional emergency services. If I am unable to reach my psychiatrist, I will call 911 or proceed directly to the nearest emergency room. If I am a patient that requires frequent crisis management, or has a history of requiring this, I realize I may be better served by a more comprehensive agency that can better address these ongoing issues.

I understand that every effort will be made by the staff to return my call within 2 business days. I am responsible for leaving a message that includes my name and date of birth, explains the nature of the call, and includes information on how to be contacted such as a return phone number. Be aware that messages asking simply to “speak with the doctor”, with no other information provided, may not be returned as quickly as a message for a patient stating specific issues they are having, such as medication side effects or change in mood/ behaviors. I will allow my psychiatrist or designated representative to leave messages on my answering machine/voicemail unless I specifically request otherwise, with the understanding that every effort will be made to maintain confidentiality. I understand that most significant medical or psychiatric questions will need a face-to-face appointment to properly evaluate the situation.
